

TURNERS HILL C of E PRIMARY SCHOOL

Our school is committed to addressing all issues of equality, including those relating to culture and social inclusion, gender, pupils with learning difficulties or special needs and those able and gifted children. To this end, we have tried to ensure that all pupils' needs have been considered when planning learning objectives, schemes of work and curriculum materials. Furthermore, when creating policy statements we have taken full account of the Equalities Act 2010 and ensured that our aims are compliant with this and other relevant legislation.
