

In this article I am going to be telling you why you should join Netball Club. Firstly, it takes place on the school playground at 3:15 (straight after school) and finishes at 4:15. If you are a Year 6 you get a guaranteed place in the tournaments against other schools and if you are a year 5 you might get to take part in some too. For the year 3s and 4s it is good to train for a couple of years so that you are really good when you play in matches further up the school. Also anyone who isn't in matches can always come and support the team. At the moment the coaches are, Sarah Duff-Cole and Penny Furner. Sarah will be staying as one of the coaches and my mum (Lisa Hepburn) will be helping as the other after September.

I absolutely love Netball club and am always looking forward to going. We sometimes play matches against each other, play shooting games and practice general skills. Since I have been going I feel I have really improved on my shooting and other things. Netball training and matches involves a lot of teamwork. A couple of weeks ago, we played a friendly against the teachers. Even though we lost 7-2 (because the teachers were cheating!) it was so fun and I really want to do it again.

If you already like netball or do football you should definitely join netball club because netball can actually improve your football skills with the getting in spaces techniques. But, it is also a good sport to learn to play. So, if you think you will be good at it you should come along and try it out because I know that you will enjoy it. It is just such a fun club!!
