

From April 2013 primary schools have been allocated funding from the Department of Education to develop their Physical Education and School Sports provision. This money is ring-fenced and to be used for improving the quality and breadth of sport and PE within schools.

Since September 2017 the funding was doubled and this year we have been allocated £17,170 paid in 2 instalments; £10,016 in November and £7,154. The money must be used in a sustainable way to ensure that pupils now and in the future will benefit.

The report below details how we are spending our Sports Premium Funding with the impact we hope it will have on our pupils.
