

RISK ASSESSMENT FOR THE FULL REOPENING OF TURNERS HILL COFE PRIMARY SCHOOL, AUTUMN 2020

THIS IS DOCUMENT FORMS THE BASIS OF THE SCHOOL'S APPROACH.

THIS RISK ASSESSMENT IS CONSTANTLY EVOLVOING AND BEING ADDED TO.

WE WELCOME THE INPUT OF ALL STAKEHOLDERS IN DEVELOPING THESE PROCEEDURES.

Updated: 5th November 2020

TURNERS HILL CofE PRIMARY SCHOOL HEALTH & SAFETY

Location / Site	Insert location and site where activity taking place
TURNERS HILL COFE PRIMARY SCHOOL	
Activity / Procedure	Insert name/type of activity or procedure being assessed
RE-OPENING AFTER PARTIAL CLOSURE	
Assessment date	Insert date when assessment is being carried out
2 nd July 2020 – to be updated regularly	

Identify people at risk	YES or NO
Employees	YES
Children	YES
Visitors	YES
Contractors	YES

Schools are asked to prepare for all pupils to return full time from the start of the autumn term.

TURNERS HILL CofE PRIMARY SCHOOL HEALTH & SAFETY

Red texts are from Government Guidance – Guidance for Full Opening – schools, published 2nd July 2020

<u>Identify hazard</u>	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards		
Lack of social distancing in the classroom resulting in direct transmission of the virus			
Existing level of risk	Consider current level of risk		
HIGH	MEDIUM	LOW	NEGLIGIBLE
<u>Control measures</u>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls		
<ol style="list-style-type: none"> 1. Children to be in consistent groups (class groups) 2. Remove excess furniture to increase space 3. Children to be sat at forward facing desks – Years 1-6 4. Set seating plan so children have their desk which is the same every day 5. Behaviour charter created for and with the children – (Include instructions how to line up, wash hands, use of toilet, moving around the classroom etc) – see Annex A taken from ‘Preparing for the Wider Opening of Schools from 1 June’ 6. Charter re-visited and modelled many times a day– lots of praise for adherence 7. Where possible staff to be at front or side or back of room 8. Conversation in the classroom from adult height, where appropriate 9. If close feedback or communication needed – side to side not facing child 10. Coats and bags kept on pegs/in lockers – children sent in small groups to hang up and collect coats – supervised when not in the classroom 11. Ensure good ventilation in each classroom all day (windows or doors open) 12. Children stay in the classroom for majority of the day and not mix with other groups 13. Sitting on the carpet needs to be as spread out as possible (some could sit at desks) 			

TURNERS HILL CofE PRIMARY SCHOOL HEALTH & SAFETY

<u>Identify hazard</u>	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards		
Lack of social distancing using toilets and poor hygiene resulting in direct and indirect transmission of the virus			
Existing level of risk	Consider current level of risk		
HIGH	MEDIUM	LOW	NEGLIGIBLE
<u>Control measures</u>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls		
<ol style="list-style-type: none"> 1. Toilet bands used and only one boy and one girl allowed to go to toilet at a time (each child will be provided with their own band) 2. Clean hands thoroughly more often than usual 3. Handwashing guidance displayed in all toilet areas 4. Handwashing guidance within each classroom 5. Extra soap ordered to ensure we do not run out 6. Phase toilets (infants/juniors) 			

TURNERS HILL CofE PRIMARY SCHOOL HEALTH & SAFETY

<u>Identify hazard</u>	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards		
Transmission from symptomatic individuals resulting in direct transmission of the virus			
Existing level of risk	Consider current level of risk		
HIGH	MEDIUM	LOW	NEGLIGIBLE
<u>Control measures</u>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls		
<ol style="list-style-type: none"> 1. Individuals displaying symptoms of COVID19 (a new continuous cough; a high temperature; a loss of, or change in, normal sense of taste or smell (anosmia)) must not attend school and should follow isolation guidance (available on school website)- see APPENDIX B 2. Parents must ensure that children displaying symptoms do not attend school and should inform school as a matter of urgency 3. All symptomatic individuals must be tested for COVID 19 5. If a confirmed case of COVID 19 is detected, all member of the individual’s group must isolate immediately – see Flow Chart on school website or APPENDIX C

HIGH	MEDIUM	LOW	NEGLIGIBLE
<u>Control measures</u>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls		
<ol style="list-style-type: none"> 1. Class Teacher/TA to assess injury and decide whether the injury requires adult intervention 2. If the injury is such that it requires cleaning/a plaster/dressing/ice applied then the adult will need to wear appropriate PPE to carryout First Aid 3. PPE (Apron, Surgical Mask, Eye protection and Gloves) and a basic First Aid Kit (Plasters, dressings antiseptic wipes and biohazard bag) will be available in each classroom and when the class goes outside then the first aid kit including PPE is to be taken out by an adult 4. If an injury requires ice, then a message can be sent to the office via walkie-talkie to request some 5. Any blood/bodily fluid contaminated wipes/paper towels used when dealing with an injury are to be disposed of in a yellow biohazard bag and placed in the biohazard bin. 6. If a child, becomes unwell with symptoms of coronavirus while in their class and needs direct personal care until they can return home. A fluid-resistant surgical face mask, disposable apron and gloves should be worn by the supervising adult. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn 			

TURNERS HILL CofE PRIMARY SCHOOL HEALTH & SAFETY

The following section of the risk assessment uses guidance taken from: **Coronavirus (COVID-19): guidance for educational settings, update 20/5/2020**

<u>Identify hazard</u>	Record the hazard that could cause harm or injury – add appropriate detail about the type and location of hazards			
Lack of social distancing when providing care for a child with suspected Coronavirus resulting in direct transmission of the virus				
<u>Existing level of risk</u>	Consider current level of risk			
HIGH	MEDIUM	LOW	NEGLIGIBLE	
<u>Control measures</u>	List your control measures required to reduce risk – add appropriate detail about the type and location of controls			
<ol style="list-style-type: none"> 1. Class Teacher/TA to assess symptoms presenting– new persistent cough/temperature` 2. If it is decided that the symptoms are such that it could be Covid-19 then Teacher/TA to accompany the child to The Hive along with their belongings. 3. Teacher/TA to take class walkie talkie with them and contact the school office informing them of the situation and requesting parent to attend. The walkie talkie can then be used for updates. 4. The door to The Hive is to be closed, the windows opened, and the Fire door is to be unlocked and opened also. 5. A fluid-resistant surgical face mask, disposable apron and gloves should be worn by the supervising adult until the child is collected. If there is a risk of splashing to the eyes, for example from coughing, spitting, or vomiting, then eye protection should also be worn. The child will also need to wear a face mark. 6. Any tissues/PPE equipment used is to be disposed of in a yellow biohazard bag which needs to be tied up and placed in the biohazard bin once the child has left. 7. If a child needs to use the toilet before being collected then the disabled toilet is to be used and no one is to then use it until it has been cleaned. 8. Class Teacher to ensure tables and door handles are cleaned after child has left the classroom and the room is ventilated. Children should wash their hands. 9. Once the child has been collected via the fire door exit then the supervising adult can remove their PPE and dispose of it appropriately and then wash their hands. 10. The Hive (and the disabled toilet if used) should then be cleaned and if necessary, PPE equipment replenished. The walkie talkie should also be cleaned and returned to the classroom.

TURNERS HILL CofE PRIMARY SCHOOL HEALTH & SAFETY

9th October 2020- FGB meeting		
Risk assessment reviews	Set future review date	18 th December 2020

APPENDIX A: Behaviour principles

Taken from Preparing for the Wider Opening of Schools from 1 June

In light of the need for children to behave differently when they return to school, and any new systems you have put in place to support that, you'll need to make changes to your behaviour policy. Behaviour policy changes will also need to be communicated to pupils, parents and staff.

Areas schools may wish to add to their behaviour policy are:

- following any altered routines for arrival or departure
- following school instructions on hygiene, such as handwashing and sanitising
- following instructions on who pupils can socialise with at school
- moving around the school as per specific instructions (for example, one-way systems, out of bounds areas, queuing)
- expectations about sneezing, coughing, tissues and disposal ('catch it, bin it, kill it') and avoiding touching your mouth, nose and eyes with hands
- tell an adult if you are experiencing symptoms of coronavirus
- rules about sharing any equipment or other items including drinking bottles
- amended expectations about breaks or play times, including where children may or may not play
- use of toilets
- clear rules about coughing or spitting at or towards any other person
- clear rules for pupils at home about conduct in relation to remote education
- rewards and sanction system where appropriate

APPENDIX B: Education Guidance Poster

Education guidance

If you have a

new and
continuous cough

or

high
temperature

stay at home for 7 days, if you live alone

stay at home for 14 days, if you live with others, including all household members

Only use **NHS 111** if your symptoms get worse or are no better after home isolation

Stop the spread of coronavirus

Wash your hands more often and for 20 seconds

Use soap and water or a hand sanitiser when you:

- Get home or into work
- Blow your nose, sneeze or cough
- Eat or handle food

Cover your mouth and nose with a tissue or your sleeve (not your hands) when you cough or sneeze and throw the tissue away straight away

Supervise young children to ensure they wash their hands more often than usual

Posters and lesson plans on general hand hygiene can be found on the eBug website

Clean and disinfect regularly touched objects and surfaces more often than usual using your **standard cleaning products**

Staff, young people and children should stay at home if they are unwell with a new, continuous cough or a high temperature to avoid spreading infection to others

If staff, young people or children become unwell on site with a new, continuous cough or a high temperature **they should be sent home**

We are asking schools, colleges, nurseries, childminders and other registered childcare settings **to remain open for children of critical workers and vulnerable children** where they can

APPENDIX C: Flow chart of suspected/confirmed Covid19 cases
